### Description

Take the next step in creative control, capturing beautifully detailed photos and stunning 4K movies with a lightweight and connected DSLR that inspires and rewards.

Discover your creativity with a camera that inspires you. From rich, detailed 24.1MP images to stunning 4K movies, the EOS 850D lets you take control.

Capture photos and 4K movies with a 24.1MP sensor using Dual Pixel CMOS AF and a refined 45 point all cross-type AF sensor plus iTR AF for precise focus and tracking.

Track subjects with 7 fps shooting, Eye AF in Live View, advanced iTR AF with face detection plus a Vari-Angle touchscreen to help you get every angle and never miss the action.
