Description

FOR LIFE'S MOST PRECIOUS MEMORIES

Do your memories justice with this modern day essential. EOS R100 packs powerful features in a compact body and combines with a variety of lenses to achieve excellent image and video quality.

POWERFUL QUALITY YOUR MEMORIES DESERVE

Whether it's to preserve a family event or capture a holiday, create lifelong memories in excellent image and video quality.

A larger sensor

Get genuine depth of field with a sensor that's 4 times larger than on a leading smartphone. No tricks are needed to achieve a blurred background and creative camera effects.

CATCH THE MOMENT

Stay in focus and enjoy pin-sharp precision like a pro. EOS R100 detects the person in frame to capture the moment right when it happens thanks to the powerful Dual Pixel CMOS Auto Focus and continuous shooting.

GET CREATIVE, EFFORTLESSLY

With the helpful guided menus and Creative Assist, you don't need to be an expert to get the picture you want and achieve your desired effects.
