### Description

**Our Price £80.00**

The lens has a fast and bright maximum aperture of F1.8 for low-light photography. It is a lightweight and compact multi-purpose lens. Mounted on the APS-C sensor size cameras, it equals to a 37.5mm focal length, which is widely used in photography of landscape, portrait, macro, food and cinema. The lens has a premium fit and finish, and fits Sony, Fujifilm, Canon and other mirrorless cameras.
