Description

Our Price £120.00

It is a portrait lens designed for APS-C sensor size cameras. With plenty of available mount options, it can perfectly fit Sony, Fujifilm, Canon APS-C mirrorless sensors and Olympus, Panasonic micro four third sensor mirrorless cameras. Offering a full frame equivalence of 85mm focal length it is also great for close-up portraits. It produces excellent bokeh effect on facial close-ups, half-length portraits, full-length portraits, and has great in-focus sharpness. With this lens, you truly get the best bang for your buck.
