Description

MORE THAN JUST STUNNING PORTRAITURE

Take your portraits to the next level with a compact, lightweight RF prime lens that flatters your subjects and inspires you to discover beautiful detail – and so much more.

Define and refine your creative vision

A perfect lens for portraits

With its 85mm focal length this is an ideal lens for flattering portraits, producing elegant results with beautiful soft backgrounds thanks to a wide f/2 aperture.

Excellent results every time

The RF mount gives you incredible performance with stunning levels of detail in your images plus a built-in DLO profile for in-camera lens optimisation.

Get up close and personal

Focus up to 35cm and 0.5x macro to discover fine detail, capturing images with superb edge-to-edge sharpness thanks to a high f/2.9 minimum aperture.
