Description

The Sigma 85mm F1.2 DG | Art is a large-aperture medium-telephoto lens for full-frame cameras that delivers extremely high optical performance from its widest aperture of F1.2, while achieving the smallest and lightest size in its class*1.

It combines uncompromising resolving power from the maximum aperture with the rich, large bokeh that only F1.2 can deliver. From studio portraits to weddings, fashion, and cinematic video production, it promises the finest results on every kind of set. With a thorough focus on portability as well as rendering, the lens achieves a weight of just 905g*2, a lightness that defies the conventions of a large-aperture F1.2 lens. The high performance of F1.2 can be put to use even during long shoots or in situations that demand mobility. In addition, the dual HLA delivers fast and quiet AF that provides reliable subject tracking for both stills and video.

With the arrival of this lens, the “F1.2 Art Series” lineup is finally complete alongside the 35mm F1.2 DG II | Art and the 50mm F1.2 DG DN | Art. The lineup offers the overwhelming three-dimensionality and smooth bokeh that only F1.2 can achieve, across wide-angle, standard, and medium-telephoto focal lengths.

An overwhelming sense of presence for the subject, attainable only at F1.2.

This rich rendering brings unprecedented depth to your work."

Lens Type Prime
Angle of View Telephoto
Camera type Mirrorless
Lens Mount L-Mount, Sony E-mount
Sensor Size Full Frame
Construction 17 elements in 12 groups
Angle of view L-Mount: 28.6°
Sony E-mount: 28.6°
Number of diaphragm blades 13 (rounded diaphragm)
Minimum aperture F16
Minimum focusing distance 84cm / 33.1in.
Maximum magnification ratio 1:8.9
Filter size ?82mm
Dimensions (diameter x length)
L-Mount: ?87.2mm x 119.7mm / ?3.4in. x 4.7in.
Sony E-mount: ?87.2mm x 121.7mm / ?3.4in. x 4.8in.

*The length of a lens is measured from the front of the lens to its mount

Weight
L-Mount: 905g / 31.9oz.
Sony E-mount: 905g / 31.9oz.

Edition number C026

The three-digit code on the surface of the lens is to indicate the year the lens was first released. (Since it is different from the year of manufacture, the release year and edition number may not match depending on the mount.)
Supplied Accessories Pouch
Lens Hood LH878-08
Front Cap LCF-82 IV
Rear Cap LCR III
Mount / Product Barcode
L-Mount?00-85126-32369-1
Sony E-mount?00-85126-32365-3
