Description

Speeds That Surpass Other Cards

High-speed, consistent recording, and enhanced workflow efficiency far beyond existing SanDisk cards are the result of read speeds of up to 1700MB/s and 1400MB/s write speeds¹.

Smooth 4K Video Performance

The CFexpress[®] form factor captures RAW 4K video² with sustainable, low-latency performance in your video recording.

XQD Compatibility

The card is backwards-compatible with select XQD[®] cameras that adopt firmware enabling CFexpress[®] 3. The CFexpress Card Type B bridges existing devices with the future of technology.

Easy File Recovery With RescuePRO Deluxe Software

The card comes with a RescuePRO[®] Deluxe⁴ data recovery software download offer. This software makes it easy to recover files that have been accidentally deleted (download required).

Limited Lifetime Warranty

Enjoy the peace of mind a limited lifetime warranty⁵ brings when it comes from SanDisk, a leading brand in imaging card performance.
