Experience authentic colours in any scenario with endless light and shadow detail captured by the 1-inch CMOS and 4K/120fps recording. Enjoy the flexibility of 10-bit D-Log M and HLG.

Experience Endless Light and Shadow Detail with Authentic Colours in More Scenarios. The 1-inch CMOS sensor captures clear highlight-shadow details, delivering amazing footage even in low-light scenarios. Savour every breathtaking moment in slow motion with its 4K/120fps capability. Record landscapes with professional-level colour flexibility for true-to-life colours and a full-spectrum visual experience using its 10-bit D-Log M and HLG technology.

Natural skin tones steal the spotlight. Achieve consistently excellent results with a clear, glowing complexion. Personalised beauty options with Glamour Effects 2.0 always ensure you look your best.

Quick, Stable, Accurate Shooting: Capture Any Moment Shake-Free!

From capturing family moments to pet adventures, our camera's full-pixel fast-focusing technology locks onto your rambunctious kid or playful pup with stunning accuracy. Thanks to its three-axis gimbal mechanical stabilisation, the camera view stays stable even with dynamic movements.

The agile, pocket-sized design allows for ultra-convenient creation on the go. Don't miss any moment and create amazing memories with our camera!

Creating worry-free videos has never been easier with the innovative options provided by our product. The 2-inch rotatable touchscreen allows for quick switching between horizontal and vertical shooting modes with just a simple twist, making it convenient to capture any moment. With ActiveTrack 6.0, you can produce smooth and cinematic footage using just one hand, thanks to its multiple follow modes. Additionally, the built-in stereo recording and direct connection to two DJI Mic 2 Transmitters ensure crystal-clear sound quality, making video creation a breeze.
